

Door Staff & Security Industries Authority (SIA)

All door staff must be licensed with the licence displayed at all times, they are accountable for any issues that take place.

Any venue can refuse admission to an individual. If this happens you should either go to another venue or make plans to safely go home – never argue the point.

For more information about SIA, log on their website www.the-sia.org.uk .
Alternatively you can telephone 0870 2430 100.
